R|P Career Week

Reflections|Projections 2020
University of Illinois
at Urbana-Champaign

Hello!

We would like to invite you to participate in **Reflections|Projections**, a tech conference hosted by ACM@UIUC and the University of Illinois Computer Science Department. This year we are uniquely positioned to hold a virtual conference. As a corporate participant, you will have the opportunity to host tech talks, gain access to our resume book, and hold other unique recruiting and branding events. Participating is an excellent opportunity to reach out to a talented pool of students and build interest in your company. This is our 26th year hosting Reflections|Projections, and in previous years of the conference, we've had over 2,500 students, the majority of whom are CS/ECE majors, attend the conference and interact with companies like yours. Our corporate events will take place on September 21-26, with talks and special events available throughout. The next page has more information on how to participate. If you have any questions, please reach out to us at **corporate@reflectionsprojections.org**. We look forward to working together to make a virtual Reflections|Projections a valuable opportunity for both your company and our attendees!

Additionally, we have decided as an organization that all corporate funds from Reflections|Projections this year will be donated to Coronavirus research and relief. In the midst of such an unprecedented public health crisis, we'd love to be able to provide as much assistance as possible to people and technology at the front line.

Sincerely,

R|P Corporate Committee

All corporate funds from Reflections|Projections this year will be donated to Coronavirus research and relief.
